

OEWG-VI/7: Review of work on the guidance papers on H10 and H11 pursuant to decision VIII/21

The Open-ended Working Group,

Recalling decision VIII/21 on the classification and hazard characterization of wastes,

1. *Invites* Parties in a position to do so to take the lead in the finalization of work on the guidance papers on H10 and H11 or to contribute financially to the process;

2. *Also invites* Parties and other stakeholders, by 29 February 2008, to provide comments to the Secretariat on the guidance papers on H10 and H11 and, in particular, the proposal by the United States of America for a framework for developing de minimis values for hazard characteristic H11;¹

3. *Requests* the Secretariat to prepare a compilation of comments received pursuant to the invitation in paragraph 2 above and to transmit that compilation to the Conference of the Parties at its ninth meeting for its consideration.
